

# Sustainable development and responsibility in university of applied sciences education

☐ Mandatory questions are marked with a star (\*)

I am Sam Student, a bachelor student in Social Services at HAMK School of Wellbeing, Häme University of Applied Sciences. I am doing a thesis study on sustainable development and responsibility as part of university of applied sciences-based studies. The thesis explores the views of second- and third-year students on sustainable development and responsibility during their studies. The results of the thesis study will be used to develop sustainability and responsibility in universities of applied sciences. The thesis supervisor is Taylor Teacher.

Please answer the survey by May 31st, 2024 (including). Answering will take only 5–10 minutes. The research permission has been obtained from the University of Applied Sciences [name of the University of Applied Sciences].

Participation in the study is voluntary and you can withdraw your participation at any time without any consequences. However, the research data collected before the withdrawal of participation can be used in the thesis, unless otherwise agreed. The thesis study follows the responsible conduct of research, and good scientific practice is applied in collecting and processing the research data.

The processing of personal data is described in [the privacy notice](#).

I will be happy to answer any questions you may have related to the survey or the thesis study. Thank you for your participation.
